## CHURCH COUNCIL MEETING TODAY

(By Associated Press.)

BUFFALO, N. Y., Feb. 23.—The world war has awakened the church to its tremendous resources, Bishop Thomas Nicholson told the delegates to the annual meeting of the Methodist Episcopal Council of Cities here today. "The latest figures give the direct and indirect costs of the world war to be \$348,000,000,000, in money, and 43,000,000 lives," he said. "It is within the power of the church to make impossible another such world catastrophe."

Bishop Nicholson pleaded for a development of progress and modern business methods in the church. "We must have faith in ourselves," he said, "and in our ability to do and to give, and we must be willing to bring the methods of work of the modern church up on a scale commensurate with the progress and development of modern business methods."

The demand of the hour is for more spiritual power. Not long since I was on the Great Lakes. I saw one of the largest steamers afloat. The owner was aboard and with pride he showed me over the great engines. Then he showed me how they had duplicate engines so that if anything went wrong with the machinery on one part they had an entirely new set of boilers and engines to carry the ship through. They burned hundreds of tons of coal a day, but they could make time in the face of the greatest storm which could be anticipated on the lakes.

A few days later I was on a little old boat built 25 years ago, with its sputtering engine. It is as useless to try to run the big ocean liners with the steam power of that little boat as it is to run the modern church with the degree of spiritual power we have had in the past. The power of God is unlimited. The greatest need of the hour is the development of moral and spiritual power which will match the commercial and industrial masteries of our age."

W. L. Taylor, superintendent of the White Caps mine at Manhattan, met with a very painful accident yesterday at the mine.

Considerable water has been coming into the workings during the past week due to new development work in the mine, and has taxed the pumps to their capacity. Yesterday morning Mr. Taylor sent his pumpman to perform some duty and was watching the pump in the meantime. While tightening a nut on the crosshead of the pump, Taylor's attention was attracted from his work for a second, with the result that the crosshead cut off the second and third fingers of his right hand, just above the nail. He was rushed to the Mine Operators' hospital here, where the injured members were dressed.

## AMUSEMENTS

PEARL WHITE AT THE BUTLER TODAY

"The Mountain Woman," starring Pearl White, is said to give this beautiful star one of the finest pictures of her whole career, which is saying a good deal when one recalls such pictures as "Tiger's Cub." Miss White's instantaneous success in emotional drama after reaching the pinnacle of fame in serial pictures has been as remarkable as it is gratifying.

"The Mountain Woman" is a story of the Kentucky hills, and its characters are those sturdy, quaint people who live in the mountain timberlands. As "Alexander" McGivens, the "gal in pants," the "be-woman," as she was called by her fearing, admiring neighbors, the story is said to be superb. The falling of giant trees, shooting the rapids on log rafts, a sensational hotel fire and a grain elevator's destruction by marauders are among the sensational scenes of the picture. Pearl White is Pearl White, and what further personal description is necessary to her hundreds of thousands of admirers?

Added to the program will be a two-reel comedy, "A Seaside Siren," starring Fay Tincher. Tomorrow, Katherine MacDonald, the American beauty, in "The Notorious Miss Lisle," and the latest Pathe News.

Coming, "Trumpet Island."

BOY IS RECOVERING

Dan McNight, son of Mr. and Mrs. William H. McNight, who has been confined to his home for the past three weeks with spinal meningitis, is now reported to be out of danger. This will be welcome news to the many friends of the family in Tonopah and throughout the state.

CARD OF THANKS

I desire to express my heartfelt thanks to the members of Mizpah Lodge No. 25, K. of P., the Women of Woodcraft and the many friends for the kindness shown in my sad bereavement.

MRS. MARIE A. GOURDIER.

## ATTEMPT TO SAVE WRECKED VESSEL

(By Associated Press.)

EUREKA, Cal., Feb. 23.—Attempts are to be renewed next month to save from a sandy grave the wreck of the steamer Corona, a former Pacific Coast Steamship company vessel, which a storm hurled over a jetty here 14 years ago. The wreck lies about 1500 feet from the water, the shoreline having receded since the boat came ashore.

Frank Johnson, contractor, who bought the vessel two years ago for \$3000, financed last season's unsuccessful work. This year he intends to bulkhead the wreck in from the encroaching sands, and pump the sand from outside and inside the hull at the same time.

## STANFORD WILL DROP SHELL WORK

(By Associated Press.)

BERKELEY, Cal., Feb. 23.—University of California crew men this year will miss the annual race with Stanford university and regret that the Palo Alto institution was forced to drop shell work, it is said on the local campus. Stanford and California are natural rivals in all sports.

Although Stanford will not enter the annual regatta on the Oakland estuary April 9, there is a great deal of interest in the race, which will be against the University of Washington. If California wins, the Blue and Gold shell will be sent east to row against Princeton and to enter the annual intercollegiate regatta at Poughkeepsie, New York.

Six shell loads of varsity candidates are working out daily on the water here. In the shells are five veterans of last year's crew, about whom the 1921 eight will be built.

Coach Ben Wallis, a firm believer in hard work, is getting his men out seven days a week. Crew is the only California sport that requires Sunday workouts.

PHONE IS DISCONNECTED

The weather bureau office at Tonopah wishes to inform the public that owing to lack of appropriation the telephone service has been discontinued until further notice.

HOMER FULLER, who has been sojourning on the coast for some time, was an arrival today.

## DO YOU REALIZE:

- That we have the finest equipped store and market in the State of Nevada?
- That we are the only store in Tonopah that is not operating for a profit?
- That our purchases are so large that wholesale houses make us special prices much lower than the smaller retailer pays?
- That our operating expense is lower than that of any institution of its kind in the State of Nevada?
- That we handled more straight carloads of canned goods and milk last year than all the rest of the stores in Tonopah put together?
- That our sales for 1920 were over one-half million dollars?
